

S-OIL GREASE MP 2

Description

S-OIL GREASE MP 2 grease is a lithium grease that is properly formulated with refined mineral oil and various additives, and is an ideal grease for general use.

Compared to general mineral grease, it has excellent extreme pressure and oxidative stability, providing smooth lubrication effect in various areas.

Advantages

- Excellent resistance for extreme pressure and anti-wear
- Good oxidation stability
- Service temperature: -30°C ~ +150°C

Main Components

- Lithium soap thickener
- High-refined mineral oil
- Oxidation Inhibitor

Applications

- Various wear-resistant bearings
- Joint and spline shafts
- Area requiring extreme pressure and anti-wear resistance

Typical Properties

Test Items	Method	Unit	Properties
Appearance	-	-	Pale Brown
Worked Penetration	25°C ASTM D 217	0.1mm	277
Dropping Point	ASTM D 566	°C	199
Copper strip corrosion	ASTM D 4048	-	1a
